P4200 Digital Pressure Gauge

The **Model P4200** is an economical and accurate Digital Pressure Gauge with selectable engineering units. Its solid-state design incorporates a silicon pressure sensor and has no moving parts, ensuring a long life. The large LCD digital display is a plus for underground pressure readings. Readings are displayed continuously for 20 minutes to enable remote operations.

The convenient size of the P4200 allows the craftsperson to treat this indispensable tool as a pocket or tool pouch item without the hazards of carry-strap entanglements.

Specifications:

Large 4-Digit LCD Display (.425" H x .234" W digits)
Size – 2.62" dia. X 1.52" deep.
Range - 0 psi -30 psi (other ranges available)
Wetted Parts - 316L stainless steel, silicone sensor
Resolution - 0.01 psi
Accuracy - ± 1.0 % F.S. (includes linearity, hysteresis, repeatability)
Pressure Limits – 2X pressure Range
Battery – long life (up to 2 years) 9V alkaline included, "LOW BAT" indication
Auto Shutoff: 20 minutes
Zero, on/off and units push buttons
Selectable Units – psi, kg/cm², bar, kPa, mbar, and more
Connection – full swivel quick connect air chuck w/22" HD hose
Protection – rubber guard fitted on impact resistant ABS gauge
Foam lined plastic storage case provided
